EuroTransBio

10th Call for Proposals

EUROpean program for TRANS-national R&D&I cooperations of SMEs in the field of BIOtechnology

EuroTransBio
Initiative

EuroTransBio (ETB), is an initiative of governmental R&D&I funding bodies in **Austria, Flanders and Wallonia (Belgium), Finland, Alsace (France), Germany, Italy, Basque Country (Spain) and Russia.**

EuroTransBio's goal is to establish cross-border partnerships between SMEs and their strategic partners, improve and accelerate technology transfer, and strengthen European efforts to achieve sustainable industrial development in the field of biotechnology.

EuroTransBio launches common calls for industry-driven trans-national R&D&I projects to create an integrated funding program for biotech SMEs. Since 2006 nine joint calls have been implemented, with 148 projects funded for a total value of 250 Mio €. ETB has established as the international initiative for funding R&D&I projects of European SMEs and will continue to launch annual calls for proposals.

EuroTransBio 10th Call
Key-data

The **10th joint call** for trans-national projects of the EuroTransBio initiative will open on **October 1st, 2014.**

The deadline for submitting proposals is **January 30th, 2015, 15:00 CET.**

Funding will be offered to innovative industrial R&D&I and applied research projects **in all fields of biotechnology:** health, agro-food, industrial, environmental, and marine biotech.

Consortia consisting of **at least two companies** from **two different participating countries** and **coordinated by a SME** can apply for funding.

SMEs from outside the ETB consortium (e.g. US companies) are welcome to participate in projects (at their own costs).

Each applicant should contact his/her **national funding agency** before submitting the proposal.
