EuroTransBio 10th Call Results

After reviewing **19 proposals** submitted to the 10th EuroTransBio (ETB) joint call for proposals, ETB recommended for funding 9 high quality trans-national projects.

Funding has been offered to innovative industrial R&D&I projects in the fields of health (78%) and industrial (22%) biotechnologies. 19 SMEs and 11 research organizations from 6 European Countries/Regions are involved in the projects and raise a global budget of **12,8 million €**.

ETB is an international funding initiative which launches annual calls for proposals to fund biotech R&D&I projects of European SMEs. ETB launches common calls for industry-driven trans-national R&D&I projects with a view to create an integrated funding programme for biotech SMEs. Since 2006 ten joint calls were implemented and 157 projects, with overall project costs of 263,5 million € were funded.
