HIGHLIGHTS OF THE WORLDWIDE BIOECONOMY

- Policy and Markets
- Innovation Award “Bio-based Material of the Year 2017”
- Bio-based Building Blocks and Platform Chemicals
- Bio-based Polymers
- Oleochemistry
- Start-Ups

The 10th International Conference on Bio-based Materials is aimed at providing international major players from the bio-based building blocks, polymers and industrial biotechnology industries with an opportunity to present and discuss their latest developments and strategies. The conference builds on successful previous conferences: 300 participants and 30 exhibitors mainly from industry are expected.

**Start-ups are invited to
apply for the exciting
Start-up Session!**

Venue & Accommodation

Maternushaus Cologne
Kardinal-Frings-Str. 1–3
50668 Cologne, Germany
+49 (0)221 16 31-0
info@maternushaus.de

The venue is 10 minutes walking distance from Cologne central station and 30 minutes by train from Cologne/Bonn airport.

Entrance Fee

Conference incl. Catering,
plus 19 % VAT

1 st Day 10 May 2016	2 nd Day 11 May 2016
490 €	440 €
790 €	

Confirmed Speakers

The following companies have already confirmed their participation:

- AVALON Industries (CH)
- Borregaard (NO)
- Corbion (NL)
- Deloitte (NL)
- DuPont (US)
- Green Biologics (UK)
- MetGen (FI)
- Peter Greven GmbH & Co. KG (DE)
- Reverdia (NL)
- Ynsect (FR)

Call for papers for start-ups

Young and promising start-ups are invited to apply for a slot for the Start-up Session. Please send us a document presenting your product, process, used feedstock and target markets and also highlight the real innovation and the benefits of your product/technology.

Please send your proposal to:

achim.raschka@nova-institut.de

Free booths for the first ten exhibitors and early bird!

Register before the end of the year and take advantage of an exclusive early bird **discount of 15% (code: early17)**. On top of that, free exhibition booths are available for the first ten exhibitors!

Please contact: dominik.vogt@nova-institut.de

Innovation Award “Bio-based Material of the Year 2017”

For the tenth year running, the Innovation Award “Bio-based Material of the Year” will be granted to the young, innovative bio-based chemicals and materials industry for finding suitable applications and markets for bio-based products. The focus of the award is on new developments within these areas, which had been launched in 2016 or will be launched in 2017. Producers and inventors of innovative bio-based materials are invited to hand in their application until end of February.

Please contact:

linda.engel@nova-institut.de
